In order to comply with the Commission's Critical Energy Infrastructure Information ("CEII") filing guidelines issued on February 21, 2003 at Docket No. RM02-4-000, the Ruby Pipeline Project application is organized as follows.

**Public**

Volume 1 has two binders and is comprised of the following:

- Application text;
- Table of Contents;
- Federal Register Notice;
- Exhibits A through Z-2 (excluding Exhibits F-I, G, G-I, and G-II,); and
- A set of DVD/CDs containing the application in electronic format as required by Section 157.6(3) of the Commission's Regulations

Volume 2 has 16 binders which contain the public components of Exhibit F-I (Environmental Resource Reports 1 through 13). Given the voluminous nature of these reports, Ruby has divided the Resource Reports follows:

- Binders 1 – 2: Resource Report 1
- Binders 3 – 11: Resource Report 2
- Binders 12 - 13: Resource Report 3
- Binder 14: Resource Report 4
- Binder 15: Resource Reports 5 through 7
- Binder 16: Resource Reports 8 through 13

## **Table of Contents (continued)**

Ruby is also providing sets of certain full-size maps and diagrams, along with reduced size sets of the maps and diagrams, to the Commission and the Office of Energy Projects ("OEP").

### **CEII - Non-Public**

Volume 3 is comprised of one binder containing facility plot plans referenced in Appendix 1C of Environmental Report 1 in Exhibit F-1 and Exhibits G, G-I and G-II flow diagrams.

### **Privileged (Other Non-Public)**

Volume 4 is comprised of eleven binders and contains the following: (i) cultural resource inventory reports containing privileged information referenced in Appendix 4C of Environmental Resource Report 4 in Exhibit F-1. Given the voluminous nature of these reports, Ruby has divided these inventory reports into 10 binders divided by state as follows:

Binders 1 – 2:	Wyoming Cultural Resource Inventory Reports
Binder 3:	Utah Cultural Resource Inventory Reports
Binders 4- 6:	Nevada Cultural Resource Inventory Reports
Binders 7 – 10:	Oregon Cultural Resource Inventory Reports

As part of the cultural resource reports, Ruby is also submitting a set of aerial alignment sheets that contains the locations of cultural resource sites along the proposed Project route.

Lastly, Volume 4 contains Binder 11 which contains Ruby's affected landowner list. Ruby is seeking confidential treatment for the affected landowner list since it contains landowner address information.
